PROFILE

Motivated and detail-oriented IT undergraduate with a solid academic foundation and a passion for technology. A quick learner with a strong work ethic, I am seeking an entry-level position to apply my technical skills, contribute to team success, and grow within a challenging and collaborative environment

---

WORK EXPERIENCE

CodSoft - Web Developer Intern   May 2024 - Present

- Developed a fully functional landing page using HTML and CSS, showcasing proficiency in creating columns, and sections, and arranging items effectively.
- Created a personal portfolio using HTML and CSS, featuring sections for an introduction, skills, projects, resume, and contact information, effectively showcasing my abilities and experience.
- Developed a basic calculator using HTML, CSS, and JavaScript, featuring an interactive interface with functional buttons for arithmetic operations and a display screen for user input and results.

PROJECTS

Amazon Clone

- Implemented a responsive layout to ensure optimal viewing across various devices, including desktops, tablets, and mobile phones.
- Developed a structured and intuitive navigation menu, complete with categories, search bar, and account management links, enhancing user experience.
- Created product listing pages and detailed product descriptions with images, prices, and reviews, demonstrating proficiency in organizing and presenting e-commerce content effectively.

Snake Game

- Developed an interactive Snake game using Python and the Turtle library
- Designed a user-friendly interface with dynamic graphics and real-time updates

Plant Disease Detection

- Developed a plant disease detection system using Convolutional Neural Networks (CNN), demonstrating expertise in machine learning and image processing.
